3-Section Mobile Screen Frame on Casters #153153

These screens are secured to a cross linked U shaped base on four 2 inch casters for easy mobility and increased stability. The 3 sections are attached to each other by a riveted hinge which allows the frame to smoothly fold and unfold as needed. Privacy screen panels, either in economical vinyl or attractive designer fabrics are needed to complete the screen. One panel is required for each section and is secured by top and bottom snap in rods. Panels are discounted when purchased with the screen.

Features:

- Frame utilizes casters for quiet and effortless mobility
- Three sections measures 72"H x 57"W
- Requires one vinyl or fabric panel per section
- Anodized aluminum construction provides a lightweight and durable solution eliminating the possibility of paint chipping or rusting
- 5 year warranty on Frames
- 90 Days on Screen Panels
